With Swivel Base

This inexpensive Hanco Vise with 3½" wide jaws has 4¾" usable maximum opening and is provided with handy pipe jaws which will securely grip any rounds or pipes up to 1¾" outside diameter.

Sturdy semi-steel construction with a steel slide bar and a ⅝" diameter spindle with a modern Acme thread. Jaw surfaces precisely broached on type No. 735, or with serrated and hardened steel jaws on type No. 737.

The swivel is positively locked by means of a steel locknut with slide bar.

The Hanco Vise is an inexpensive tool for the Home Shop, Garage or Farm which will sell fast since anybody can afford buying it.

Finished in fine battleship gray and shipped in sturdy containers which hold six units each.
